

U.S. Nonwovens Corp. (USN) is a manufacturing company based in Brentwood, NY. We are a team of talented employees with an obsession towards QUALITY. Established in 1993, USN is a manufacturer of various types of OTC Care, Personal Care & Home Care Products and associated chemicals. Within the last year we have grown exponentially. We have acquired brands such as Ajax Laundry, Dynamo, Fab, Final Touch and Old Williamsburg Candle Company and are seeking gifted individuals to join our team.

We are seeking a Quality Control Chemist who can analyze raw materials and generate data.

Responsibilities:

- Analysis of raw materials, in-process and finished product samples using in-house or USP methods.
- Working knowledge of Good Manufacturing Practices.
- Working knowledge of Good Documentation Practices
- Generate and approve laboratory data as a result of the analysis.
- Working knowledge of general laboratory safety and compliance.

Qualifications:

- Bachelor Degree in Chemistry or a Life Science with Chemistry Background.
- Five (5) years' experience in pharmaceutical or cosmetic laboratory preferred.
- Knowledge of FDA 21CFR211
- Experience with analytical instrument computer systems such as Empower a plus.
- Ability to communicate within the QC laboratory and other departments as necessary.
- Strong organizational skills and ability to learn new methods.
- Ability to follow written procedures and complete work in a timely manner as well as attention to detail.
- Computer Skills –Microsoft Excel, and Adobe Acrobat a plus.
