

## **Director - Application Lab**

Salary \$150,000+.

Kobo Products, Inc., a leading supplier of materials for color cosmetics and sunscreens, seeks a highly-skilled and detail-oriented Director for the USA Application Lab located in South Plainfield, NJ.

### **Job Requirements:**

- Bachelor's Degree in a related field
- Minimum of 5 yrs. industry experience on the bench formulating all types of cosmetics and personal care products (lipsticks, foundations, pressed powders, mascaras, sunscreens, hot poured products, lotions, shampoos, and conditioners)
- Knowledge of cosmetic/personal care raw materials (e.g. functionality, interactions, and regulatory limits)
- Excellent communication skills
- Excellent multi-tasking skills in a fast-paced environment
- Strong computer skills (Microsoft Office)
- Flexibility to attend seminars and conferences, as well as to travel both domestically and internationally (COVID permitting)

### **Responsibilities Include:**

- Formulate a wide variety of new cosmetic formulas (including all colored cosmetics, hair care, and personal care)
- Train chemists on formulating cosmetic formulas
- Troubleshoot formulas
- Develop and make presentations
- Attend tradeshows to support sales with customer discussions, COVID permitting
